

BSA AGM & LANDHOLDER UPDATE

Basin Sustainability Alliance Annual General Meeting and Landholder Update

2-5pm Friday 28 October 2016
Conference Room, Club Hotel Chinchilla
Members and Non-Members Welcome

Special Guest Speakers include:

Dr. Methuen Morgan (Ex Chinchilla River Rat & Condamine Codger) - will explain the findings of his Ph.D. thesis recently completed at U.N.E. into the impacts of CSG on farmers, titled "Fracked: CSG extraction and farmers's mental health"

Max Winders – Director of MWA Environmental and BSA committee member - will explain the results of his company's underground hydrological model based on the 400 sq klm surrounding his Wambo Feedlot. These results are at odds with the State Government's UWIR 2016 model

Tom Crothers – Director of Stellar Advisory Services - will address "The New Water Management Legislative Amendments - The Good, the Bad and Unresolved Aspects"
